

PARENTS GUIDE TO SNAPCHAT

13+

WHAT IS IT?

Snapchat is a free messaging and social networking app.

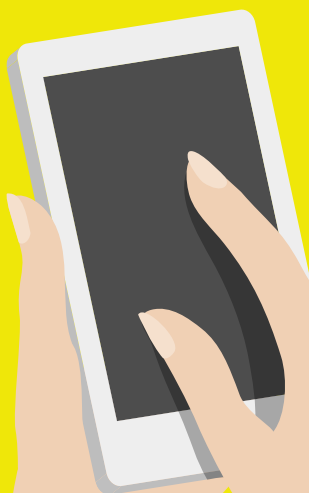

Snapchat allows you to send text messages, pictures, and short videos to friends and family. Most of these messages are temporary.

PRIVACY SETTINGS

By default, only 'Friends' you've added on Snapchat can contact you directly or view your Story.

To change the privacy settings, open up your settings on the profile screen. Scroll to the 'Privacy Controls' section and tap an option.

SETTING LIMITS

Open the Settings app on the device.
Scroll down to Screen Time > App Limits.

Click add limit and set the Snapchat use time for your child.
